A BANKRUPT'S LAMENT.

Had I known all that I now know,
Had I seen that which I now see,
Had my better sense controlled me,
Had I heeded what it told me,
Had the future condescended
An horizon more extended
To have granted, poor and ailing,
I had scaped the pangs of falling;
I had been a good deal wiser
I'd have been an advertiser.

The Tribune.

THURSDAY, JUNE 5, 1884.

The recent meeting of the Wellington teachers' institute was addressed by Principal Grant of Queen's College who referred to the school system of Scotland which he considered one of the best in the world. That system was founded by John Knox whose object was the combination of the religious element with ordinary instruction. It must be conceded that few men have done so much for the cause of education as the Scottish reformer, who anticipated many of the reforms which are supposed to be of modern growth. He saw clearly the power for good which a common school system could supply, and therefore urged the planting of a school in every parish, a grammar school in every town, and a college or university in every city. Scotland has good reason to be grateful for what he then accomplished. Long before the other portions of the United Kingdom or even before Germany had adopted a general system of public schools, education was generally diffused among all classes of the Scottish people. To this, more than to anything else, may be attributed that Scottish ascendancy which is not unknown even in Canada. Scotland, with all the disadvantages of soil and climate, has taken a position among the countries of the world which may well excite admiration. In material wealth it is asserted by statisticians, that she ranks first, the value of property, estimated *per capita*, being greater than that of either England or the United States. That proud position is chiefly due to her excellent parish schools and the thorough character of the education imparted in those institutions. The learned Principal thought a great advantage in the Scottish system arose from the fact that teachers remained so long in the one place, generally for life or during good behavior. This, he thought, was where a want was shown in the Ontario system of education, and he afterwards proceeded to criticize the educational department for making too many changes, not giving sufficient time to test regulations which they have made. There appears to be too much foundation for these remarks. Teachers are too frequently on the wing, too often compelled to leave a district at the caprice of some petty tyrant. Hence the necessity of some regulations in the school act ensuring an engagement for a longer term than the present act allows. That there is too much tinkering of the school act is generally acknowledged. Educationists, more than other men, are prone to ride hobbies, and in consequence inspectors and other administrators of the school law too frequently succeed in getting their theories enforced. A short period of trial proves many of them impracticable and another experiment soon follows. From this possibly arises many of the defects of our provincial system, and the superficial character of the education too frequently to be met in many of the schools. With a practical man, such as the present Minister, at the head of the department, it is but reasonable to expect that many of these defects must disappear, and that visionary enthusiasts will no longer be permitted to impose their crude theories on long suffering teachers and an impatient public.

PERSONAL.

Mr. F. S. Rathbun spent Sunday in Toronto.
Mr. M. W. Britton spent Sunday in Belleville.
Dr. Rutten and Miss Rutten, of Napanee, were in town on Monday.
Mr. James Fowler, of the N. T. & O. R. R. was in town last Friday.

Mrs. F. S. Kiskin, who has been paying a visit to Toronto, returned home last Monday.
We regret to learn that Mr. James Bowen, postmaster, is at present confined to his house by illness.
Mr. G. A. M. Holmkinson, of Toronto, was in town on Saturday paying a visit to old friends.
Mr. M. C. Dunn, who was injured at Three Rivers a few weeks ago, has returned to Deseronto.
Mr. Peter Reid, of the Thousand Islands Line, Gananoque, honored Deseronto with a visit last week.
Mr. Clinie, of the Bowmanville Sea was in Deseronto last Thursday and gave us a friendly visit.
Mr. Wm. Stoddart, of the Big Store, was out to Tamworth last week and speaks highly of the pleasant trip he enjoyed to that town.
Ayer's Sarsaparilla is a highly concentrated extract of Sarsaparilla and other blood-purifying roots, combined with Iodide of Potassium and Iron. Its control over scrofulous diseases is unequalled by any other medicine.

Presentation.

The members of the staff of the Big Store and a number of invited guests assembled at the Ferguson House on Saturday evening, the object of the meeting being to do honor to Mr. James Donahue on the eve of his departure to England. The company having partaken of a bounteous repast served in excellent style, and indulged in some pleasant conversation, Alex. McCaughey, Esq., proceeded to read the following interesting address:—

To His Donahue.
DEAR SIR,—We, the undersigned members of the staff of the Big Store, having learned of your intention to sever your connection with the establishment, cannot allow the opportunity to pass without expressing the deep regret which we experience at the prospect of your proposed withdrawal. While proving yourself faithful to the interests of your employers, you have at the same time invariably acted with civility and attention to the numerous customers with whom you daily came into contact, and thus succeeded in gaining general favor. It affords us pleasure to state that your relations with ourselves have always been of the most pleasing and cordial character, and we gladly testify to your readiness to give your counsel and assistance whenever occasion may have demanded them.

We ask you, therefore, to accept this signet ring as a slight memento of our regard, hoping that it will be a source of satisfaction to you, to know that you have gained our respect and esteem. Finally we unite in expressing the hope that your contemplated visit to the mother country may prove instrumental in restoring your impaired health, and that both you and your amiable partner in life may have a pleasant voyage and all health and prosperity wherever your lot may in the future be cast.

Mr. Donahue was completely taken by surprise, but recovering his self possession he proceeded in a happy manner to thank them for the handsome and valuable present as well as for the kindly expressions of esteem and good will conveyed to him in the address. A pleasant time followed, speeches being delivered by Mr. Richardson, manager of the Big Store, Chief Green, and Messrs. Stoddart, Knowles and N. Conley. Mr. Donahue left the same night for Brockville where Mrs. Donahue has been spending a few days, and both will sail for England by the Allan Steamer leaving Quebec to-morrow. A host of friends in Deseronto unite in wishing them bon voyage.

Parental Indulgence.

A recent number of THE TRIBUNE contained an interesting communication and editorial on the subject of laxity of parental discipline in the management of children at the present day and the consequent deterioration that follows in character. It was asserted that there was now a greater degree of incivility and irreverence among the young than were prevalent under what was considered the stricter discipline of our ancestors. Retrospection, however, is not always a safe guide for us in such matters. As we advance in life and survey the past, things assume a different aspect and attain a perfection that in reality never existed. Children were always indulgent, with their immature judgments, their desire of self-control, and sufficient natural tact to cope with the weakness of parental indulgence. This indulgence always existed and manifested itself to as great an extent as it does at the present time, but as memory retains a more vivid impression of unpleasant sensations than it does of those that are pleasing, so those who have attained maturity can recall more of the severities and indulgences of their own individual childhood experiences.

There is no rule of general application in these matters. There have been, and there are still exceptional instances where the two extremes of parental indulgence and severity, which are the results of peculiar temperaments and which so diversify human nature, are manifested, and by which all children are often innocently misled. In former years society had rules in regard to children. To these parents were obliged to conform even though they were detrimental to the true interests of the child. Children were thought rude if their little voices were heard in the presence of guests. If their presence was allowed at all, table etiquette demanded silence from them. Conversation in the progress of a meal, which in after years was considered so desirable an acquisition, had no chance for cultivation, as the presence of an exacting parent was sufficient to awe the little ones into silence. Home influences, since these objectionable restrictions have been partially removed, are now better calculated to develop those graces of character, that ease of manner and self-possession, which in some retired natures require a good deal of cultivation to overcome and lessen that awkwardness which timidity occasions. A haughty child has thus in reality become almost a thing of the past. In the past quarter of a century there has been a marked advance in the educational advantages enjoyed by the young. This is especially true in regard to female education. A woman is no longer considered as going outside of her sphere if she dives deep into science and engages in any intellectual pursuit which was once thought proper to enlarge the capacities of the sterner sex. The range of studies in general has been extended, always tending more towards the useful and the practical. Instead of burdening the mind with the vague ideas of the dead past, which can be of little profitable use in the intercourse and business of life, except perhaps to the antiquarian, the aim of our schools at the present time is to concentrate the minds of youth on topics of practical utility.

As our country becomes older we have much to hope from the rising generation with their improved educational advantages and the higher requirements of home culture which the advanced state of social life demands. There is thus a tendency to perfect various graces of character, and must exercise a strong influence in elevating society. They will thus contribute to personal enjoyment and shed over the home that blessed and peaceful happiness which a well regulated and enlightened household only can afford.

Deseronto Temperance Society.

PRESENTATION TO REV. I. O. MALLORY. The entertainment of the Deseronto Temperance Society drew a very large audience last Friday evening. The Deseronto Brass Band made its first appearance, playing several selections as an introduction to the concert in a manner highly creditable, when we consider the short period that has elapsed since its formation. The musical and literary part of the entertainment passed off well, and the Rev. J. C. Ash delivered an excellent address on Temperance which was listened to with deepest attention. Owing to Rev. Mr. Mallory's departure to another sphere of labor, the Society took advantage of the occasion to present the rev. gentleman with an address and a silver mounted ebony case, suitably inscribed, as a slight expression of their appreciation of his labors in the interests of the Society. The address which was beautifully engrossed by H. R. Bedford, Esq., was read by the President, and we give it in full.

ADDRESS.
Rev. I. O. Mallory.
REV. AND DEAR SIR—In view of your intended removal from our village, the Deseronto Temperance Society would take this opportunity of presenting you with an address expressive of the sentiments entertained by them for you as a member and supporter.

It is indeed a matter of deep regret that circumstances should oblige you to remove from our midst. We had hoped that for a little longer, at least, your fortunes had been cast amongst us, and that with the pending struggle with intemperance, we must soon be at its breast, we would have the inspiration of your presence, and the fire of your speech. Bowing, however, to what seems to be the pointing of Providence, we express our deep sense of gratitude to you for your valuable and willing services on behalf of the Society, since its inception; and no little degree may the Society attribute its success to you. Your bold advocacy, both by precept and example, of the principles of total abstinence, has stimulated many, and roused others, to take and keep the Blue Ribbon pledge. It must certainly be a source of joy to your own heart that not in vain has the banner of Total Abstinence from all intoxicating drinks as a beverage been unfurled in the village of Deseronto; and the evidence—plain to the most careless observer—of the good to individuals and families already resulting from this Society, must also be an encouragement to yourself, as it is to us, to stand by the Trestled ship. We would ask your acceptance of this silver mounted case, as a small token of the deep respect and affection, which this society entertains for you.

We trust that wherever you pitch your tent in the journey of life, this case may prove a faithful companion, and in its rough places a helpful friend. Since are our wishes for your future welfare. May your bow abide in strength! and amongst your warmest friends we hope you will ever count the members of the Deseronto Temperance Society.

Signed: W. STODART, President,

A. E. PARNHAM, Secretary

Mr. Mallory responded in suitable terms thanking them for the unexpected kindness, and referring in feeling terms to his past connection with the Society which he wished all success in the future. Rev. R. J. Craig then made a few remarks expressing the sentiments of the Society towards Messrs. Mallory and Ash who had been such active exponents of temperance principles while in charge of congregations in Deseronto. Mr. E. MacCall, the Scottish bard, was called on but said he had not the nerve to address such an enthusiastic audience after all the eloquent speakers who had preceded him.

N. T. & Q. Railway.

Work is advancing on the Napanese and Tamworth, and a new feature in railway work has been introduced by the contractor, viz. the use of the electric light which was placed in position last night at the gravel pit where work will go on night and day.

The track has been laid across the famous sinkhole and it does not show the least tendency to settle. There is every reason to suppose that the interesting experiment to overcome this difficulty will prove signally successful. Our townsman, Mr. Chas. Dryden, receives universal congratulations for the substantial character of the work.

The combination coach, with smoking car, express, and mail departments, arrived at Napanee the other day, and is pronounced a magnificent piece of workmanship, second to nothing of the kind in Canada. It has returned to Kingston for the re-adjustment of some of the boxes.

What 10 cents Will Do.

A 10 cent bottle of Polson's Nerviline will cure neuralgia or headache. A 10 cent bottle of Nerviline will cure toothache or face-ache. A 10 cent bottle of Nerviline is sufficient to cure colds, diarrhoea, spasms, dysentery, &c. Nerviline is just the thing to cure all pains, whether internal or external. Buy at EGAR's a 10 cent sample of Nerviline, the great pain cure. Safe, prompt and always effectual. Large bottles at any drug store, only 25 cents.

Backache, stitches in the side, inflammation and soreness of the bowels, are symptoms of a disordered state of the digestive and assimilative organs, which can be promptly and thoroughly corrected by the use of Ayer's Cathartic Pills. HALL'S Vegetable Sicilian HAIR RENEWER

was the first preparation perfectly adapted to cure diseases of the scalp, and the first successful restorer of faded or gray hair to its natural color, growth, and youthful beauty. It had not many imitations, but none have so fully met all the requirements needed for the proper treatment of the hair and scalp. HALL'S HAIR RENEWER has steadily grown in favor, and spread its fame and usefulness to every quarter of the globe. Its unparalleled success can be attributed to but one cause: the entire fulfillment of its promise.

The proprietors have often been surprised at the receipt of orders from remote countries, where they had never made an effort for its introduction. The use for a short time of HALL'S HAIR RENEWER wonderfully improves the personal appearance. It cures the scalp from all impurities, cures all humors, fever, and dizziness, and thus prevents baldness. It stimulates the weakened glands, and enables them to push forward a new and vigorous growth. The effects of this article are not transient, like those of alcoholic preparations, but remain a long time, which makes its use a matter of economy.

BUCKINGHAM'S DYE FOR THE WHISKERS

was at this time of year delightful. We were soon enthusiastically reated to scramble first down to the pool, only a few yards below us, which was about fifty yards long by twenty. Apparently six or six feet deep. The temperature of the water was of the taste of the water very strongly sulphurous. And then we ascended a mound behind, covered with a soil consisting principally of fragments of coral, and the remains of the old, old mounds of coral which had been used for building purposes. Immediately behind this mound was an extensive ruin, consisting of a series of arches, the remains of a temple. Some of the arches were of a height of 15 feet, and enclosed a semicircular space open to the hall for bathing. On the other side was a vaulted building which partly enclosed what

Most bells were originally feminine, now the two or three called by Christian names in England are masculine. The most celebrated, Great Tom, at Oxford, was originally named Mary. Tresham, the Vice Chancellor of the period, writes: "Oh, beautiful Mary, how musically she sounds." She has done little to belie this reputation since she became Tom. Once only, in the year 1880, Tom got into disgrace by a series of incontinent striking which greatly alarmed the undergraduates, who were divided in opinion as to "whether there was an earthquake, the Dan was dead, or the college on fire."

The members of the canoe club were out in force on Saturday evening.

The track on the Thousand Islands railway is now pronounced first-class, in fact a model road.

There are still a few cheap publications left at THE TRIBUNE office, notwithstanding the run of the past few weeks.

EVERY man is born with a mentor. That's his conscience. When he gets older he often gets a tormentor. That's his wife.

A LARGE party will go down to Napanee this evening to attend the Oddfellows' concert which promises to be a grand success.

SHANNONVILLE will have a first-class concert to-morrow evening (Friday). Tickets are only 15 cents and there will, no doubt, be a large attendance.

BIG CUTS—1862 logs were cut at the Big Mill on Thursday 29th ult., and yet there is a disposition to surpass that big amount some of these days.

THERE was a vestry meeting of St. Mark's church last Thursday evening, which was well attended and at which much important business was satisfactorily transacted.

THERE was a rush to the treasurer last Saturday for the tags which are found indispensable to prevent dogs being converted into sausage meat by our indefatigable Chief of police.

CRUISED.—Mr. James Stokes, of the steamboat and railway traffic department, had his foot rather severely crushed while attending to some duties at the steamboat dock on Tuesday.

POLICE COURT.—Thomas Reak was arrested last week by the Chief for using abusive language to Mrs. Charles Norton. The Reeve, having first administered a caution, allowed him to depart.

WORK on Capt. Garrett's new steamer is progressing with wonderful rapidity, the planing being completed and other work advancing in proportion. The yacht "Nora" is also being fitted out in first class style.

BAPTISMAL SERVICE.—The evangelists will administer the rite of baptism in the bay at some point in the vicinity of the village, next Wednesday evening at 7 p. m. The public are invited to be present on the occasion.

THE Ontario Bureau of Industries is sending out circulars to the farmers of the Province to procure information for the third annual report. Farmers will greatly assist by carefully filling up the schedules, all information given being considered confidential.

TIMELY IMPROVEMENT.—The boardwalk in front of the "big store" and thence easterly to the Deseronto House has been undergoing repairs, the old boards having been removed and new ones placed in position by Mr. Wm. Stewart, corporation contractor.

UNION SERVICE.—Rev. J. C. Ash, being unavoidably prevented from fulfilling his appointment in Deseronto last Sunday evening, his people joined in a union service with the congregation of the Church of the Redeemer, the Rev. R. C. Craig preaching a public sermon on temperance to the large audience which filled the church.

THE ADOLPHUSTOWN DEMONSTRATIONS.—Everything indicates that the coming U. E. L. Demonstration at Adolphustown will be a grand success. The committee are meeting with great encouragement and every accommodation has been provided for the host of visitors. It is now understood that the Governor General will be present and this will add greatly to the pleasure anticipated by all who intend being present.

The Court of Revision meets on the 16th inst.

REMEMBER that you can secure THE TRIBUNE for the remainder of the year for fifty cents.

The first last week nipped the beans and other vegetables in Mr. Brown's pretty garden at the junction. It may not generally be believed, but there are actually a few residents of Deseronto who have not yet subscribed for THE TRIBUNE.

SKIPPED.—A boarder at Baptiste Shawcross' skipped out the other day with a suit of clothes and watch belonging to young Shawcross.

DANIEL'S BAND.—The entertainment given last week by Daniel's Band was a complete success, pronounced superior to any before given by that society.

THE Methodist congregation are already beginning to talk about the erection or purchase of a parsonage, a want which they will do well to supply as soon as possible.

FLOWER terrace on Dundas Street is beginning to assume its tasty and attractive appearance, and will probably soon show to better advantage than it even did last year.

EARLY DEATH.—The friends of Miss Hettie Maclean, niece of Mrs. W. G. Egar, who visited Deseronto not long ago, will learn with deepest regret of her sudden death, last Saturday, at her home in St. Mary's.

STILL ANOTHER.—On Tuesday forenoon Mr. E. Masten had portions of two fingers cut off and two others injured by a saw in the factory. He was immediately attended by Dr. Clinton who dressed the wounded hand.

SPORTSMEN.—Messrs A. A. Richardson and J. M. Poiras took advantage of a trip over the bay last week to indulge their sporting proclivities. They had a good time and there is one chipmunk the less as a result of their outing.

CHURCH NOTICE.—Rev. J. C. Ash will preach his last service before conference, in the Brick Church next Sabbath evening (June 8th). It is also expected that Rev. Mr. McQuade will be present and take part in the services.

GRAND EXCURSION.—The members of Craig Lodge, A. E. & A. M., will give an excursion on Dominion Day to Massassaga point by steam Quinte. The boat will leave Deseronto at 8 a. m. Tickets are placed at 50 cts., children under care of parents, half price.

ATTENTION has frequently been drawn to the disgraceful and dangerous condition of the crossings at Egar's corner. It seems that the Council is only responsible for one of these, the other having been cut up and left in its present state by our local dynamiters the gasworks employees.

The change of weather has caused a rush for Geddies' restaurant where delicious ice-creams are being consumed night and day by an immense army of customers. Geddies also keeps a good stock of confectionery, rich fresh butter and choice groceries. Don't forget to give him a call.

EVANGELISTIC SERVICES.—The evangelists will pitch their Gospel Tent in Deseronto next Saturday afternoon. Services will be held next Sunday at 3 p. m. and 7 p. m., and at 7.30 o'clock during every evening of the week. They extend a hearty welcome to all who may desire to attend these services.

PRAISEWORTHY.—Some fine specimens of bread of her own unaided manufacture have been distributed by a young lady of the village among a few friends. Such exhibitions of proficiency in this important branch of culinary science are certainly sufficient to entitle any young lady to be considered a fit candidate for matrimony.

AN OLD FRIEND.—We observe by the *Guelph Herald* that our old friend Mr. John Hardman has been distinguishing himself in a recent performance given by the Amateur Dramatic Club of the Royal City. The *Herald* states that in the farce "Done on both Sides" the part of Pygmalion Philbas was played by Mr. J. Hardman who did exceedingly well.

BUILDING OPERATIONS.—The Messrs Carter are hurrying their new shops to completion and the large brick building which Mr. Greatrix is erecting on Mill St. is rapidly progressing. Mr. John McCullough has completely changed the appearance of his new purchase on St. George Street, few residences in the village presenting a more neat and tasty appearance. Mr. Wm. Irvine has taken the contract for erecting a handsome residence for Rev. T. Stanton, near St. Mark's Church. W. B. Aylsworth Esq. is building a large barn and Mr. Jamieson of the *Empress* has put up a substantial fence around his property; but we must reserve others for next issue.

THE Board of Health is now organized and ready to hear complaints and inspect premises. Prepare for an immediate inspection.

DR. G. W. FAULKNER was elected Warden of Hastings on Tuesday. The vote stood 14 to 14, but the chairman gave his casting vote for Faulkner.

NOTICE.—Remember the excursion on Saturday evening. The Quinte leaves the dock at 7.30 sharp for Belleville returning the same evening. Music on board and a pleasant time guaranteed.

VERY NEAT.—Mr. John Smith, who has recently erected a handsome cottage on Main Street east, has made a new departure and painted it a delicate and novel shade of colour, thus rendering it strikingly neat and attractive. Nothing like variety in this as in other matters.

PROMOTION.—Mr. Knowles, who has been connected with the "Big Store," for the past few months, will assume the management of the grocery department in that establishment. From his long experience in that line of business and courteous manners, we think he is "the right man in the right place."

STRAYED OR STOLEN.—A valuable horse belonging to Mr. Chas. Chambers, either strayed or was stolen from the field last Friday night. It is described as a bay Clyde gelding about sixteen hands high, having a white star on the forehead, and a little scar on the left shoulder. The party returning him will be suitably recompensed for his trouble.

THE EXCURSION.—Saturday the 14th of June is rapidly approaching, a fact which will be generally admitted. On that date the Ladies Aid Society of St. Mark's Church give their monthlight excursion to that delectable spot the Lake on the Mountain. Ice cream and strawberries and other inducements too numerous to mention are held out to all who attend. Music will be provided. Secure your tickets early at Egar's and Donoghue Bros'.

DOMINION DAY.—Pursuant to notice a public meeting was convened in the town hall last Friday evening to consider the propriety of a public demonstration on Dominion Day. There was a good attendance of citizens. Mr. R. N. Irvine was called to the chair and Mr. James Cameron appointed Secretary. After discussion the following committee were appointed to make arrangements for a celebration, viz: Messrs J. Hoppes, Dr. Newton, A. A. Barr, D. R. McRae, and James Cameron, with H. R. Bedford as Secy and S. Russell, Treas. One motion Dr. Newton was asked to urge the council to pass a by law compelling outside traders to pay a license fee of 25 dollars on that day. The Committee was subsequently organized with Dr. Newton as chairman, and subscription lists were at once ordered to be put in circulation. The subscription list is already quite large and it is hoped that in order to make the demonstration worthy of Deseronto all citizens will contribute liberally, as upon the amount raised will depend the character which the demonstration will assume.

We enjoyed the pleasure of a visit to Trenton the other day and found it a growing and prosperous town, beautifully situated and with most attractive surroundings. The view from the mountain commanding the town, bay, and surrounding country is especially interesting. It is a pity that the railway was allowed to draw on this hill for its supply of gravel as much of its beauty has been thus destroyed. The town has now obtained a deed of the property and it is understood that further encroachments will be prevented.

The high school and several of the churches are commodious and handsome structures, while the immense mills of the Messrs Gilmour afford an endless amount of interesting study to the visitor. There appears to be some lack of public spirit however in many respects. A good system of drainage

sanitary inspection is evidently lacking and many residences evidence a lack of paint and other adornment, a state of affairs not in keeping with its importance. The unpainted bridge over the Trent is an unsightly structure, and its unsavory interior sadly requires to be cleansed which could be accomplished easily by getting the fire brigades to turn the hose on for two or three days at least. With its unrivalled position and immense water power, an ordinary amount of enterprise, and two spy journals to keep its people alive to their duties, there is nothing to prevent Trenton taking a prominent position among the towns of Canada.

FIRE APPARATUS.—A thorough test of the new automatic fire extinguishing apparatus lately introduced into the ash factory was made on Monday evening. In forty seconds the amalgam was melted, and in one minute and twenty seconds the fire was completely extinguished.

As we go to press we learn that the subscription list for the Dominion day celebration is rapidly swelling to large proportions. Several gentlemen have greatly increased their subscriptions. The Knights of Labor, of Belleville, and friends, forming a party 600 strong are expected to be present on the occasion. The committee are negotiating for bands, fireworks and various attractions. A big excursion party from Tainworth over the N. T. & Q. is also within the range of possibility.

The Stock of Boots & shoes at the Big Store comprises all classes of Peg, Sewed & cable Sewing work, Hand Sewn boots English and American styles, Coriavan and Dongola Boots and Shoes in half sizes all made of solid leather and for style durability and comfort are unsurpassed.

A MARVELOUS STORY

TOLD IN TWO LETTERS.
FROM THE SON: "28 Cedar St., New York, Oct. 28, 1882.
"Gentlemen: My father resides at Glover, Vt. He has been a great sufferer from Scrofula, and the inclosed letter will tell you what a marvelous effect

Ayer's Sarsaparilla

has had in his case. I think his blood must have contained the humor for at least ten years; but it did not show, except in the form of a scrofulous sore on the wrist, until about five years ago. From a few spots which appeared at that time, it gradually spread so as to cover his entire body. I assure you he was terribly afflicted, and an object of pity, when he began using your medicine. Now there are few men of his age who enjoy as good health as he has. I could easily name fifty persons who would testify to this fact in his case."
Yours truly,
W. M. PHILLIPS.

FROM THE FATHER: "It is both a pleasure and a duty for me to state that I have derived from the use of

Ayer's Sarsaparilla.

Six months of this was completely covered with a terrible humor and scrofulous sores. The humor caused an incessant and intolerable itching, and the skin cracked so as to cause the blood to flow in many places whenever I moved. My sufferings were great, and my life a burden. I consulted several doctors, but the Sarsaparilla in April last, and have used it regularly since that time. My condition began to improve at once. The sores have all healed, and I feel perfectly well in every respect—being now able to do a good day's work, and 73 years of age. Many inquire what has wrought such a cure in my case, and I tell them, as I have here tried to tell you, AYER'S SARSAPARILLA. Glover, Vt., Oct. 21, 1882.
Yours gratefully,
HIRSH PHILLIPS."

AYER'S SARSAPARILLA cures Scrofula and all Scrofulous Complaints, Erysipelas, Eczema, Ringworm, Itch, Rive haes, Sores, Bolls, Tumors, and Eruptions of the Skin. It cures the blood of all impurities, has no disposition, stimulates the action of the bowels, and thus restores vitality and strengthens the whole system.

The Tribune.

THURSDAY, JUNE 12, 1884.

CONTRARY to general expectation, the Republican Convention at Chicago, instead of pursuing the ordinary course and choosing some comparatively unknown man, have nominated James G. Blaine as the Presidential candidate. Mr. John A. Logan was nominated for the Vice Presidency. On the first ballot it was discovered that Mr. Blaine's strength was much greater than had been anticipated. His following continually increased until at the fourth ballot he had a large majority of the delegates. Mr. Blaine is undoubtedly one of the most brilliant leaders of the Republican party in the United States. He has been for a long period in public life and on two former occasions was an unsuccessful candidate for nomination. As a shrewd wirepuller and organizer, he has proved himself superior, and although he claims that the office was unsought, there is little doubt that it is to his skill in these respects that his success is chiefly due. During the past few years he has been in comparative retirement, engaged in literary pursuits and holding himself aloof from the strife of political parties. He finds himself now rewarded for this studied abstention which has most effectually diverted the attention of the people from his ill-judged policy as President Garfield's Secretary of State. The nomination does not appear to meet with the general approval of his party, if we are to judge by the defections of several important journals which refuse to support his candidature. We presume, however, that when the party whip is applied they will accept the position and gradually fall into line. The action of the approaching Democratic convention will now be impatiently awaited. Their chances of success now depend on the selection of a candidate. Mr. Blaine has been accused in the part of having promoted certain schemes in Congress, which were of a doubtful character. He is not, therefore, personally above reproach, and it would seem that with a good candidate and a decided platform, the democracy might on this occasion enter on the struggle with favorable prospects of success.

AS OTHERS SEE US.

To the Editor of The Tribune.
DEAR SIR.—It is pleasant to mark the changes and improvements which have taken place during the past few years in Deseronto and also in other towns in your vicinity. Sixteen years ago I visited this locality, Deseronto, or Mill Point as it was then termed, was only a small cluster of houses sufficient to accommodate the few employees of the lumber mill which then constituted the business of the place. There was at that time no church edifice whatever; the only place for holding religious services was a small and not very inviting settlement of limited capacity. Now you have churches for nearly all the denominations, and some of these edifices will compare favorably with those in many of our larger towns. This advance in church accommodation indicates largely the true religious growth of the place. There was not at that time, with but one or two exceptions, any regularly laid out streets; only one small tavern; and in fact there was a general absence of all the conveniences of a village proper. Now you are not only well equipped in these respects but have also your own newspaper, which is so important in giving an impulse to business and village enterprises. With this to give stimulus to business life, your advance doubtless will be far greater in the next decade and a half than it has even been in the past.

But while congratulating the residents on what has been accomplished in the past in making Deseronto what it is, I hope it will not be considered an incivility in a stranger who is accustomed to cleanly streets and thoroughfares, if allusion is made to the neglect shown by Deserontians pretty generally in this respect. The beauty of a place depends largely on the condition of its streets, the planting of shade trees, and the little frontage plot of grass. Such a neat exterior will make even a humble dwelling inviting, and has more to do in enhancing the beauty of the place than would a display of expensive architecture. The suggestion for improvements in these respects will not be construed into the part of a stranger. In the place of the writer's residence, these things are not left to the option of individual residents. The city ordinances compel cleanliness and even insist on the lawns lining the streets being cut monthly. The responsibility rests where it properly belongs—on the municipal authorities.

I had the pleasure, a day or two ago, of visiting the little adjacent town of Napanee, where, as well as in your own village, that great changes had been effected in sixteen years interval of time. The change was not quite so discernible as in Deseronto, proportions even at that time. I found the business streets, however, largely extended, the number and beauty of its private residences. There was an air of business activity growth and business prosperity in the future. One pleasant feature of this locality is the beautiful water scenery and the favorable waterway communication which cannot but ensure future prosperity. But I fear, Mr. Editor, that I am trespassing unduly on the columns of your paper so I hasten to subscribe myself

AN INTERESTED STRANGER

Execution at Pictou.

Joseph Tompsett and George Louder, convicted of the murder of Peter Lester, suffered the extreme penalty of the law on Tuesday morning, instructions having been received from the Minister of Justice on the previous evening that the law must take its course. Both men having slept quietly all night, arose before 3 o'clock and prayed. They were shortly afterwards visited by the clergymen and then took breakfast, eating heartily. Tompsett stated to the *Way* reporter whose account we follow, that he was innocent of the crime; that he knew nothing of Lester's death, directly or indirectly, until he was arrested, that up to 10 o'clock that night he was at Louder's; that this was the truth as far as he knew. He further stated that he felt happy and ready to meet death and that he forgave all who had said anything against him. Louder said that he knew nothing about the affair; that he was not present when the man was shot, and that he was not a murderer at heart. He also said that he had written a few lines for the public. There was no use saying anything for the public would not believe him; he was at home at the time of the murder.

An immense crowd, incited by morbid curiosity, surrounded the gall but only a few persons were admitted inside to witness the execution. At 7:25 o'clock the Sheriff and Mr. Loucks entered the gall; the men prayed earnestly and long and then made the necessary preparations. At 7:50 o'clock the procession filed up stairs; hats were removed by spectators and the burial service read, the men standing side by side upon the trap. Both trembled visibly. The hangman adjusted the nooses and pinioned the convicts' legs. Being asked by the Sheriff if they had anything to say, Tompsett shoved up his black cap above his mouth but did not speak. Louder said that he had already said all he had to say, that he was ready to go to God, and then continued praying earnestly. Having bid each other good bye, the Sheriff struck the floor with his sword and with a great noise the trap dropped. The hangman had fearfully managed the affair for the ropes slipped in both cases and it was five minutes before Louder ceased struggling. Tompsett also struggled hard and kicked the pinions off his legs, and death only resulted after the expiration of fourteen minutes. It is said that the hangman did the strangling out of revenge, as he had previously heard the prisoners express their opinion of him. There is a growing impression in Prince Edward that Louder was innocent of the crime and that he suffered on Tompsett's account. The statements to be published are the same in effect as those given above.

During the present season the Big Store has received a large number of orders for clothing from Lonsdale and vicinity. In order to accommodate their numerous customers in and around that village, Mr. Stoddart will be at M. Nealen's Hotel every Friday from 2:30 until 5 o'clock, p.m. with the most complete line of samples of English, Scotch and Canadian tweeds, worsteds, trousers, &c., to be found in Ontario. Any person in want of clothing should see his samples.

PERSONAL.

Mrs. James Stokes is visiting friends in Kingston. Mr. C. R. Irvine has been spending a few days in town. Mr. W. T. Ross, of Pictou, spent last Thursday in Deseronto.

Miss Fode has entered on her duties as cashier in the Big Store.

George Ketchison, of Frankford, was in town for a few days last week.

Mr. and Mrs. W. A. Gilmore were visiting friends in Pictou last week.

Miss Shorey, of Newburgh, is visiting Deseronto as the guest of the Misses Pile.

Mr. John Simmons spent last Sunday in Belleville visiting friends in that quaint old city.

We had the pleasure of a visit last Friday from Mr. Gallagher, of Henry's book store, Napanee.

Rev. H. G. Parker, of Trenton, was in town on Tuesday calling on his old friend, Mr. E. G. Hooper.

Mr. H. H. Hobson Jr., of Island Pond, Vt., has been visiting at Mr. J. W. Dexter's on his way home from the great Republican Convention at Chicago.

Mr. E. W. Rathbun has made several trips over the Napanee & Trenton during the week, in order to personally supervise the construction of the line.

Rev. R. Large Says: Being for years afflicted with Dyspepsia, and finding my health greatly improved by only a little of the Crowfoot Bitters, I am pleased to recommend it to those in like manner afflicted.

R. LARGE, Minister of the M. E. Church, Meaford, Ont.

A St. Vincent Farmer Says: This is to certify that I have used the Crowfoot Indian Bitters, and can recommend it as a first-class medicine for the blood. Was very bad with Dyspepsia for ten years. After using the above Bitters I could eat anything I wished without feeling any discomfort after, and feel thankful for the good health I am enjoying through them.

Yours, etc., SAMUEL ELYEA, 7th Line, St. Vincent.

Only One Package Cures Dyspepsia. Only a dollar package of the Crowfoot Bitters cured me of Dyspepsia after all other remedies failed.

KINGSTON.

(From our own Correspondent.)

P. D. Gordon, the once popular purser of the Armistice, on the through by rail route, was in the city on Monday. P. D. is not changed.

Kingston is going to celebrate Dominion day. No one horse show but a sure enough celebration that will make all previous ones crawl down the back stairs of oblivion. About \$1200 (half money) has been gathered together and among the events mentioned is a hand tournament for a first class prize which will doubtless bring some talent into the city, horse races, lacrosse matches, base ball, physics, &c., a sorter.

Little brother, named O'Neill, playing with a revolver on Sunday morning, after the manner of let's play killing one another, the one pulled on the other, the ball entering just above the left eye. The other brother tried to drown himself.

The K. & E. Railway are now through to Newfane on the northern section, and connection with Pembroke will soon be accomplished.

Mr. Murphy's raft containing 1,400 pieces of railway ties for The Bathurst Company arrived in the city on Monday. About half a million bushels of grain is in and on the way to Kingston.

We have been a little slack the past two weeks in showing up but then we have been preparing an anniversary for the day of Adolphustown at the U. E. L. celebration.

READ.

(From our own Correspondent.)

James Napkin, son of Dominick Napkin, of the 8th concession died in Toronto on 4th inst. The remains were brought home and buried in St. Charles' Cemetery on the 6th inst.

Mr. Timothy Horgan, of the 9th con., has a ewe that had five lambs this spring all living.

Some of our young sports had an impromptu horse race on the 2nd inst., the exciting event being between Mr. John Brennan's black horse and John Smith's bay horse "Viley." Three heats were to be run, but the two first being dead heats the sport ended. As the horses came to the winning post in the second heat, Mr. Smith's "Viley" slipped and fell throwing his rider not immediately the horse was on his legs, and his jockey was seen upon the horse's back as he rose from the mother earth. Neither horse nor man was hurt, both were declared off, and bright anticipations raised for the Read summer races.

Mr. Patrick Tighe, proprietor of the East End blacksmith shop has his forge in full blast, and is ever ready to fill the orders of his patrons.

Last Sunday being Whitunday or the Feast of Pentecost, there was an immense congregation at St. Charles' Catholic church. The mission of North Tyndinaga is a very large and populous parish. Since the advent of the esteemed and popular pastor, the Rev. Father Meade, a great many improvements have taken place in and around the church. The unsightly piles of stones and snake fence in front of the priest's house have been removed and a handsome painted fence put in their place. The residence has also been improved, a nice railing having been placed around the verandah. A handsome holy water font has been placed in the church and a beautiful new lamp hung in the sanctuary, as well as other internal improvements. The Rev. Father Meade is ably seconded in all his undertakings by an active committee and a willing and generous people.

Mr. Daniel McCrea, of Lonsdale road, contractor, and his men are pushing the work vigorously on the country road, and the work already done is a proof of the good road we will have when the contract is finished.

Mr. James Meade paid a flying visit to his uncle, the Rev. Father Meade, last week on his way to St. Paul's, Minn.

His Lordship Bishop Cleary, who has been expected home from Europe during the past month, has been detained owing to the death of his only sister, Mrs. Lylettan, at her residence in Limerick, Ireland, on the 14th ult. His Lordship will leave for his sympathies and prayers of the faithful in the diocese in his and bereavement. It was expected that his lordship would sail for Canada on the 6th or 7th inst.

Mrs. James Walsh, of the 6th con, is the happy possessor of a duck that laid three eggs on Thursday 5th inst.

During the last week the weather has been extremely warm and dry. Everything is suffering from the want of rain. Not having had any rain since the frost on Thursday week the results it is feared will be disastrous unless we have rain soon. However, notwithstanding the extreme dryness of the weather the crops are looking well and a little rain now would have millions in it for the country.

The Turnips are becoming very popular here and like all good things is in great demand.

MARKET PRICES.

Barley, 60 cts.; oats, 40 cts.; Butter, 16 cts.; eggs, 13 cts.; potatoes, 60 to 70 cts.; hay, \$7 to \$8.

Mr. J. C. Hanley, the Reeve, has returned home, having been in attendance at the County Council all week looking after the interests of Tyndinaga.

Adolphustown U. E. L. Celebration.

The Committee are perfecting arrangements for the celebration to be held on the 16th, 17th and 18th of this month. Provision has been made for supplying meals at all hours and lodgings at reduced rates. Steamers will ply continually between Adolphustown and other towns on the Bay of Quinte and carry passengers at reduced fares. The following attractive programme has been prepared:

FIRST DAY—10 A. M.

1. National Anthem, vocal and instrumental. 2. Military display and bands. 3. Athletic Games. 4. Dinner at 12 o'clock noon. 5. 1.40 to 2 p.m., bands playing at grand stand. 6. President's address. 7. Orations by Vice President, A. L. M. and Dr. Wm. Canniff. 8. Procession, music Dead March, to U. E. L. Cemetery. 9. Laying foundation stone of monument with Masonic honors. 10. Return to grand stand, bands playing "Rule Britannia." 11. Addresses by Right Hon. Sir John A. Macdonald, Sir Richard Cartwright and other

eminent public men. 12. Grand Military Salute in honor of the heroic landing on this spot one hundred years ago. 13. Lacrosse and base ball matches.

SECOND DAY.

1. 10 a.m. Bands playing at the grand stand. 2. Cricket matches. 3. Calceonian and other games. 4. Regatta on Bay of Quinte. 5. Dinner at 12 noon. 6. 1.30 to 2 p.m., bands playing at grand stand. 7. Address by His Excellency, the Lieutenant Governor of Ontario, Hon. J. M. Beverley Robinson, Hon. Geo. A. Kirkpatrick, D. W. Allison, Esq., M. P., A. F. Wood, Esq., M. P., W. A. Reeve, Esq., J. S. McQuigg, Esq., and others. 8. Oration: Chief Sampson Green will deliver his oration. Subject, "Union of the Six Nations" in full costume, as he appeared before Her Majesty Queen Victoria. 9. Bicycle tournament for gold and silver medals. 10. Grand patriotic parade of Canadians of all classes, with banners, flags, mottoes, regalia and insignia, in honor of the settlement of our country, in which all societies and associations are cordially invited to take part. 11. Torchlight procession, physics, &c.

THIRD DAY.

1. 10 a.m. Bands playing at grand stand. 2. Ladies' questionaire. 3. Social games. 4. Dinner at 12 noon. 5. 1.30 to 2 p.m. Bands playing at grand stand. 6. 100 years procession, in the costumes of our ancestors of 1784. 7. Addresses by J. H. Sangster, Dr. Platt, M. P., Warden of Prince Edward, A. H. Roe, Esq., M. P., P. Robert Clapp, Esq., and others. 8. Cricket, lacrosse and base ball clubs will finish their matches. 9. Distribution of prizes and medals to the winners in the games and regatta as to competing clubs &c. The 15th Battalion, under Col. Lazier, and Maj. White's and Griffith's Troops of Cavalry are expected to encamp on the grounds during the celebration. The Committee ask the co-operation of the people of this and surrounding counties to make the celebration worthy of the object.

The balance of wall paper at Eggar's to be at cost.

See the new Dominion Day coat at the Big Store.

A new lot of hair brushes, pipes, and perfumes at Eggar's. Photographs are very artistically taken and finished by Coleman, whose gallery is now a general place of resort. DOSE.—To move the bowels gently, 2 to 4 Pills; thoroughly, 4 to 6 Pills. Experience will decide the proper dose in each case.

For Constipation, or Costiveness, no remedy is so effective as AYER'S PILLS. They insure regular daily action, and restore the bowels to a healthy condition.

For Indigestion, or Dyspepsia, AYER'S PILLS are invaluable, and a sure cure. Heart-burn, Loss of Appetite, Foul Stomach, Flatulency, Dizziness, Headache, Numbness, Nausea, are all relieved and cured by AYER'S PILLS.

In Liver Complaint, Bilious Disorders, and Jaundice, AYER'S PILLS should be given in doses large enough to excite the liver and bowels, and remove constipation. As a cleansing medicine in the Spring, these PILLS are unequalled.

Worms, caused by a morbid condition of the bowels, are expelled by these PILLS. Eruptions, Skin Diseases, and Piles, the result of Indigestion or Constipation, are cured by the use of AYER'S PILLS.

For Colds, take AYER'S PILLS to open the pores, remove inflammatory secretions, and allay the fever.

For Diarrhoea and Dysentery, caused by sudden colds, indigestible food, etc., AYER'S PILLS are the true remedy.

Rheumatism, Gout, Neuralgia, and Sciatica, often result from digestive derangement, or colds, and disappear on removing the cause by the use of AYER'S PILLS.

Tumors, Dropsy, Kidney Complaints, and other disorders caused by debility or obstruction, are cured by AYER'S PILLS. Suppression, and Painful Menstruation, have a safe and ready remedy in

AYER'S PILLS.

CHEAP books and publications for sale at ridiculously low prices at THE TRIBUNE office.

The boardwalk on the north side of Main St. from Coleman's studio eastwards will be laid down next week.

A daily paper purchased at THE TRIBUNE office now enters the home of every well informed family in Deseronto.

Young men will please remember that young ladies are passionately fond of ice cream and strawberries at Geddis's.

Those loud voiced Canadian songsters the frogs, are surpassing themselves this season in their nightly series of free concerts.

June quarterly fair passed off very quietly last Friday. There was a total absence of disorder. There is at present a great demand for first class cattle for the European market.

The name of the steamer Alexandra has been changed to Alexandria. She has been called Alexandria by most people for years, although this was not her name, and the change was accordingly made to accord with the popular error.

The corner stone of the U. E. L. Centennial Memorial Methodist Church, Adolphustown, will be laid at 2 p.m. next Saturday, 14th inst., by Mrs. Joseph Allison. Rev M. L. Pearson, Napanee, and other ministers of the district will officiate.

PORT STATISTICS.—The value of imports into the port of Deseronto for the month of May was \$9,255, and the duty collected \$1,929.85 as compared with \$8,564 and \$1,845.64 for the same month last year. The value of exports for the same month was \$58,489.

BAND EXCURSION.—The excursion to Deseronto Junction under the auspices of the Deseronto Brass Band was overlooked in our last issue. It was a great success. The platform was brilliantly illuminated and a very pleasant time enjoyed by the large company. As a result a handsome amount was realized for the Band fund.

SATURDAY EVENING.—Everything is in readiness for the excursion on Saturday evening to the Lake and the Mount. Ice cream and strawberries and other delicacies can be purchased on board. Music will also be provided. The sale of tickets has been unprecedentedly large. Every person is going and no one will return home dissatisfied.

DANGEROUS.—Reports come in of some dangerous holes in the boardwalks on Thomas St. between Mr. Robert Irvine's residence and the Brick Church, and between Mr. George Clement's and Mr. H. Miller's and—but there are so many we would suggest the propriety of issuing debentures, raising a loan, tearing up the wholesystem and making a fresh start.

OSWEGO LUMBERMEN'S BOARD OF TRADE.—At a recent meeting of The Oswego Lumbermen's Board of Trade, the following officers were elected:—Hon. A. S. Page, president; C. H. Getman, vice-president; A. Hindhaugh, Jr., Secretary & Treasurer. Arbitration Committee.—C. H. Getman, J. K. Post, C. H. Bond, E. Monen, H. A. Crane. Freight Committee.—J. G. Jenkins, R. G. Post, L. C. Kinyon.

U. E. L. EXCURSION.—The U. E. L. demonstration at Adolphustown will attract an immense multitude of visitors to that classic spot. In order to accommodate those who cannot get away for a whole day, the stmr. Quinte will carry an excursion on Tuesday afternoon leaving her wharf, Deseronto, at 5.30 o'clock. This will afford an opportunity of witnessing the grand torchlight procession and other attractions of the evening. Fare only 25 cts. for the round trip.

The new reports are now being placed in position at the gasworks.

It is no longer fashionable for ladies to have lily white hands. Nut brown is the color.

The Rochester Union fears that the Republican delegates have left us which in Chicago for the purpose of Democratic delegates, in case of sickness on the 18th.

WELL DONE.—Even the gasworks employees are amenable to public opinion, as is evidenced by the fact that they have repaired the damaged crossing at Eggar's corner.

DISTRICT MEETING.—The provisional District meeting for the Belleville district of the Methodist Church in Canada will be held at Shannonville on the 18th inst., at 10 a.m.

NEW PARSONAGE.—The Methodist congregation have decided to proceed immediately with the erection of a parsonage, the site selected being part of the lot immediately adjoining the Church.

MASONIC EXCURSION.—The masonic fraternity are busy making preparations for the excursion to Massassaga Point on Dominion Day and are meeting with good encouragement in the sale of tickets.

R. C. CHURCH.—Mr. F. Richardson of Napanee, was engaged last week painting and decorating the altar of the Roman Catholic church which now presents a very handsome and ornate appearance.

POTATO BLOSSOMS.—Alex. McGaughey Esq. has some potatoes in his garden plot which are almost ready to blossom. This will afford local disciples of Oscar Wilde a good opportunity to secure a button-hole bouquet.

HENRY G. VENNOR, the weather prophet died last Sunday morning. The deceased, who was an accomplished naturalist, was for many years connected with the geological survey of Canada. Few names were more familiar to the people of this continent.

THE Supreme Recorder's report shows the annual receipts to have been \$261,041.18. Disbursements \$258,820.67. Balance on hand \$2,160.51. Membership 123,707. These statements give some idea of the extent and influence of this great order.

CHANGE OF HOUR.—It was decided by a vote of teachers and scholars of the Union Sabbath school to change the hour of meeting from 3 p.m. to 9 o'clock in the morning, while the hot weather continues. The lesson will be over in ample time to allow children to reach their respective churches in time for morning service.

FIRE CRACKERS.—There has been an outbreak of the fire cracker nuisance of late, and we are at a loss whom to blame, buyers and sellers or council and people. We think that there should be a by-law preventing the sale of these playthings which are now generally suppressed, and which in a village like Deseronto are especially dangerous to property.

FAREWELL.—On Monday afternoon Rev. I. O. Mallory departed with his wife and family for his new field in Michigan. It is quite unnecessary to say that they are followed by the prayers and best wishes of all members of this community, irrespective of class or creed. We but express the common wish when we hope that they may meet with all success and prosperity in their new home.

SATISFACTORY.—The Deseronto correspondent of the Belleville Intelligencer referring to the reports of the Inspectors of schools recently presented to the Co. Council, and pronounced highly satisfactory, is very desirous to see the portion relating to the Deseronto public schools. He makes some very pungent criticisms on the existing state of affairs. All our readers will await the publication of the report with much impatience.

EARLY CLOSING.—We had nearly lost sight of this movement, but we believe the movement is being generally signed by the business men. Such a revolutionary departure will as might be expected, prove quite a strain to the British constitution, but this village must not be permitted to lag behind in this or any other respect. Our course is clear; we boycott any establishment which does not conform to the new regulation.

I. O. F. CONCERT.—A large number of citizens went to Napanee last Thursday evening to attend the Oddfellow concert. The sail down the Napanee River was greatly enjoyed and every one returned home greatly pleased with the concert itself which was pronounced in every respect superior. The singing of Mrs. McCullough and Miss Crane was especially admired. Much regret was expressed at the unavoidable absence of Mrs. W. T. Ross, of Pictou, who was detained at home by illness.

The County Court is at present in session at Belleville and as usual there is a large docket. Mr. John Dalton is in attendance as one of the Grand Jury.

ANOTHER EXCURSION.—The Quinte will carry another excursion to Belleville on the evening of Saturday the 21st inst. Music provided. Fare only 25 cts.

The firm of Irvine Sloan, of Oswego, has been dissolved. Messrs. T. Irvine and G. B. Sloan having retired. The new firm will be known by the title of Gaylord & Co.

CABBAGE.—Mr. Howatt, of Bay View farm, has a splendid display of cabbage this season. The plants look very healthy and with suitable weather will be headed out for use in a week or two.

NOTICE.—A full meeting of Deseronto Temperance society (members only) is called for Friday evening 13th inst. at 7.30 in Rathbun Hall. Officers for the ensuing quarter will be elected and other important business will be transacted.

One visit more just to put on the finishing touches, and the gas works hands will have completed the broken crossing at Eggar's corner. Sharp pointed shoes run the risk of being blunted as the pedestrian now trips over the new piece.

POLICE COURT.—Police statistics show that Deseronto is entitled to the proud distinction of being the most orderly town in Canada. The Chief last week ran in Charles Daly who was stupidly drunk. He was dismissed next morning with a caution.

MORE ACCOMMODATION.—Mr. Miller O. E. of Napanee, has been busy this week laying out a number of sidings and other extensions of the railway track, in order to give increased rail-way accommodation to the different establishments of the Rathbun Co'y.

NAPANEE & TAMWORTH.—The ballasting on the N. T. & Q. R'y is proceeding very well. The track will be completed to Tamworth on Wednesday night. Mr. Aylsworth is out on the line this week making some arrangements for terminal facilities at Tamworth.

CHANGE OF NAME.—Mr. Asa Cronk, having accepted the appointment of customs officer at Port Lambton, has sold out the Wallaceburg Echo to Mr. J. A. Ayeast, who has changed the name of the paper to the Wallaceburg Herald. We wish the new proprietor all success.

BELLEVILLE EXCURSION.—A large party of excursionists arrived from Belleville last Saturday afternoon and the streets were crowded for a couple of hours with happy visitors. A large number went up to Belleville on the return trip and greatly enjoyed the trip up and down the Bay.

The fishing on the Bay is now excellent. Mud cats bite wildly, and the gay bullhead affords exciting sport. Some heavy catches were made last Sunday. The local inspector is very attentive to his duties which are very onerous. He draws his salary with promptitude and regularity.

VILLAGE PARK.—Reference was recently made to the general lack of pleasure grounds in Canadian towns and cities. Hamilton is a case in point; that city claims a population of 40,000 and yet does not possess a park. The school children are sending in a monster petition to the city council asking them to secure a piece of ground for the purpose. Why not let the boys and girls adopt the same course in Deseronto. We imagine that the council could not steel their hard hearts to resist such an appeal.

"AN Interested Stranger's" communication will be perused with great interest by all our readers. While paying a tribute to Deseronto enterprise, the writer takes the opportunity to honestly point out some defects which naturally strike the visitor's attention. It is well to have our faults pointed out at times, and better still to take the reproach in a proper spirit, which will be manifested by immediate steps to effect a remedy. Our streets are altogether behind the age, and only too many residents show complete indifference to taste or tidiness.

R. C. PICNIC.—The picnic of the Roman Catholic congregation on Dominion day will prove a great success, an energetic committee being now engaged in making extensive preparations. It will be held in Black's grove and every provision will be made for the comfort of visitors. Brass and string bands will be in attendance. A full programme of games and sports is arranged and valuable prizes will be given to successful competitors. These picnics have always been well conducted and this will prove no exception and will assuredly draw an immense multitude of visitors.

REGISTRATION.—There were registered with Mr. Robert N. Irvine, Registrar, during the month of May. Births, 4; marriages, one; and deaths, one.

ADOLPHUSTOWN U. E. L. CELEBRATION.—His Honor the Lieut. Governor of Ontario will on the morning of Tuesday June 17th lay the corner stone of the U. E. Loyalist Memorial Church. The Archdeacon of Kingston assisted by a number of the clergy, will say the office of prayer and praise appointed. Addresses afterwards by the Lieut. Governor and several other eminent public men.

A CHARMING SPOT.—Christ Church and parsonage with the adjoining grove of shady and stately trees is probably the prettiest sylvan scene within easy access of Deseronto. Would that such a grove were nearer the village. The grave yard adjoining the church would have its appearance greatly improved by the expenditure of a little labour. It should and no doubt it will be attended to immediately. The tomb of Mr. Hill, the catechist, so greatly esteemed and venerated in his day, is almost a complete wreck. Our brethren of the Reserve should not allow that disgrace to continue a moment longer.

PREPARE.—We observe by many of our exchanges that the dread visitor diphtheria has commenced its ravages in many towns. That dangerous disease can only be averted by good drainage and sanitary regulations. Our board of health is at last organized, but we observe it has started out on a very timid line of policy—in other words the do nothing policy. They will hear complaints, well knowing that citizens do not desire to become informers. We trust they will no longer shirk responsibility but appoint the Chief or some other person to act as inspector and lodge complaints.

DOMINION DAY.—The committee which has the management of the Dominion day celebration are rapidly perfecting their arrangements and the success of the demonstration, thanks to the generosity and encouragement of the people of Deseronto, is now assured. There will be the usual games and sports for which valuable prizes will be offered. A tug of war which promises to be very exciting, will take place between the different establishments of the Rathbun Company. Boat, canoe, and yacht races will come off in the harbor. All the school children of the village will be present to sing the national anthem, and a novel feature is to be introduced, viz. the entrance at 12 o'clock noon of the queen of Beauty into the future metropolis of the bay.

The Queen will be accompanied by a number of maids of honor, who will be selected from the prettiest girls in the Bay district. The Queen and attendants seated in a triumphal car, gorgeously decorated with flowers, etc., and the accompanying procession will constitute an imposing pageant such as never has been witnessed in the Bay district. The Band of the Gananoque Field Battery has been engaged, a sufficient guarantee that the music will be first class. There will be the usual torchlight procession in the evening, and the day's proceedings will terminate with a grand display of fireworks. Prof. Hand & Co. guarantee a fine simile of the same pyrotechnic exhibition which was given at the Semi-Centennial in Toronto. It is earnestly hoped that all classes of the community will heartily co-operate in making this, the people's demonstration, a complete success.

WARREN LELAND,

whom everybody knows as the successful manager of the
Largest Hotel Enterprises

of America, says that while a passenger from New York board a ship going around Cape Horn, in the early days of emigration to California, he learned that one of the officers of the vessel had cured himself, during the voyage, of an obstinate disease by the use of

Ayer's Sarsaparilla.

Since then Mr. LELAND has recommended AYER'S SARSAPARILLA in many similar cases, and has never yet heard of its failure to effect a radical cure. Some years ago one of Mr. LELAND's farm laborers bruised his leg. Owing to the bad state of his blood, an ugly scrofulous swelling or lump appeared on the injured limb. Horrible itching of the skin, with burning and darting pains through the lump, made it almost intolerable. The leg became enormously enlarged, and running ulcers formed, discharging great quantities of extremely offensive matter. No treatment was of any avail until the man, by the aid of AYER'S SARSAPARILLA, which allayed the pain and irritation, healed the sores, removed the swelling, and completely restored the limb to its use. Mr. LELAND has personally used

Ayer's Sarsaparilla

for Rheumatism, with entire success; and, after careful observation, declares that, in his belief, there is no medicine in the world equal to it for the cure of Liver Disorders, Gout, the effects of high living, Salt Rheum, Sores, Eruptions, and all the various forms of blood diseases. We have Mr. LELAND'S permission to invite all who may desire further evidence in regard to the extraordinary curative powers of AYER'S SARSAPARILLA to see him personally, either at his mammoth Ocean Hotel, Long Branch, or at the popular Leland Hotel, Broadway, 27th and 28th Streets, New York. Mr. LELAND'S extensive knowledge of the good done by this unequalled eradicator of blood poisons enables him to give inquiries much valuable information.

The Tribune.

THURSDAY, JUNE 19, 1884.

REFERENCE was made in last week's issue to a communication to the Belleville *Intelligencer* from its Deseronto correspondent, who expressed a pardonable curiosity to see the reports of the inspectors of schools submitted to the county council and which were stated to be highly satisfactory. As a resident of the village, and therefore acquainted with the existing state of school matters, he was particularly desirous to learn what the report contained in reference to the Deseronto schools, whose efficiency he had the hardihood to question. Elsewhere readers will find the inspector's reply and report in which they will learn to their utter surprise that the schools are in an excellent state of efficiency. They can now heave a sigh of relief and rest content on that point. THE TRIBUNE had in its ignorance thought otherwise and ventured accordingly some time ago to make some severe strictures on the community and the education department for permitting things to remain as they were. With this official statement before our eyes an apology should be forthcoming to an offended public. But let us first recall a few facts in self defense. On December last the schools were publicly examined and on that occasion there were present in one department 96 pupils, the teacher stating that occasionally she had 117; in another department there were 67, and in a third 60. The teachers all asserted then, that in the crowded state of the rooms it was absolutely impossible for them to do their work. On March 28th the casual visitor would have found in the same departments 73, 78, and 115 pupils. From Jan. 1st to April 1st two of those departments averaged about 70 pupils each, and the other 104. The atmosphere of these ill ventilated rooms was stifling, the sitting accommodation altogether insufficient, and the teachers unanimous in their regrets at being unable to do efficient work under such unfavorable circumstances. Vain regrets; they have now the satisfaction to know that the schools are in an excellent state of efficiency. Few teachers have had such an excellent tribute paid to their zeal and ability. Now if the inspector is correct, it is quite obvious that it is high time for the department of education to revise its regulations. These, so we are informed, limit the number of pupils in each department, anything in excess of that number being supposed to impair the efficiency of the school. Those boards also which conform to these regulations are evidently extravagant in their ideas as they are paying two teachers to do work which may be efficiently performed by one. In only two many of our exchanges we have seen complaints of late concerning the decadence of the public schools. If the act is administered in other counties, as it appears to be in Hastings, there need be no surprise that such expressions of discontent should be manifested. The crowded, unhealthy condition of the public school in this village has been for a long period a scandal, and for all the educational department or its officials appear to have done in the way of effecting a remedy, such might have been the case until doomsday. In this particular case they actually pose as apologists for what others never yet attempted to defend. A previous discussion of this matter resulted we are pleased to say in one movement towards a remedy; let us hope that the present agitation may result in another effort on the part of the ratepayers of Deseronto to extricate themselves from the slough of despond in which, as far as regards educational matters, they have been allowed by an indifferent department to sink. Before closing this article we willingly testify to the active zeal of the teachers of the different departments who, in the face of almost insurmountable obstacles, labor so earnestly to do their duty. They, at least, should not bear any of the blame which attaches itself to the people of Deseronto so long as the schools are allowed to remain in their present unsatisfactory condition.

DESERONTO PUBLIC SCHOOL.

The following is the reply of the Inspector of schools to the Deseronto correspondent of the Belleville *Intelligencer* to the effect:—Any one reading the effusion of your Deseronto correspondent in yesterday's issue would think that the Inspector rarely visited the school at Deseronto and that he was ignorant of the large attendance in the junior room. It was known to me since early in the winter that there were too many scholars in this room. The Trustees tried to rent a room but could find none. They then asked those on the tablets to come in the forenoon three hours, and those in part II. to attend in the afternoon for the same time. This

met with my approval as being the best that could be done under the circumstances. The Board intend to erect this summer a building with two or three rooms adjoining the present one, but this could not be done in the winter.

All the rooms were thoroughly examined by me on Wednesday and Thursday, May 7th and 8th. At that time Miss Richards had over 100 in attendance during the day and of these 97 were examined.

Miss Mayhew had 51 present—14 in part II, 34 in second book. They were examined in all the subjects taught, viz: reading, spelling, writing, arithmetic and geography. The examination showed that they were well and thoroughly taught and the order and attention good and all that could be desired.

Miss Davenport had 57 present—27 in second book, 18 in junior third and 11 in senior third book. They all passed a splendid examination, being most efficiently taught by a thorough, energetic and painstaking teacher.

Mr. Emerson had 40 present—14 in senior third book and two classes in the fourth book of 12 and 14 respectively. These three classes were examined in all the subjects taught. The examination of this room was most satisfactory, the scholars being well prepared in the work gone over. None of the rooms other than the junior room is crowded.

This school has been thoroughly examined every six months, from one and a half to two days being spent each time. It was examined in 1883, Oct. 15th and 16th, and 1884, June 6th and 7th.

Your correspondent winds up by saying that, "Our school here is a sad failure, and is getting worse all the time." This is not true, as the school is in an excellent state of efficiency, and this can be shown at any time. Miss Richards is doing the best she can for the scholars under her charge, and as the most of them are very young—too young to attend school—they will not lose anything by being away for half of the time, and when the new rooms are built and another teacher employed the loss, if any, will be made up.

I am willing at any time to publicly examine the school to show him and the ratepayers that it is efficiently taught. I have frequently examined it in the presence of Mr. Aylsworth, the Rev. Mr. Craig, Mr. Egar and other trustees, and many of the ratepayers. If your correspondent will send me his name, I shall see that he will be informed of the date of the next inspection, so that he may be present.

JOHN JOHNSON,
Inspector.

With Satisfaction.

Polson's Nervine, the new and certain pain cure, is used with satisfaction in every instance. There is abundant reason for this, for it performs all that is claimed for it. A St. Vincent Farmer Says:

This is to certify that I have used the Crowfoot Indian Bitters, and can recommend it as a first-class medicine for the blood. I was very bad with Dyspepsia for ten years. After using the above Bitters I could eat anything I wished without feeling any discomfort after, and feel thankful for the good health I am enjoying through them.

Yours, etc., SAMUEL ELYRA,

7th Line, St. Vincent.

Only One Package Cures Dyspepsia. Only a dollar package of the Crowfoot Bitters cured me of Dyspepsia after all other remedies failed.

THURSDAY, JUNE 19, 1884.

TOWN AND COUNTY.

Hot weather.

Eggs are plentiful—on the potato leaves.

Mr. J. M. Poitras kindly forwards us some eastern papers.

The thermometer reached 89° 5 in the shade on Tuesday and 89° 7 yesterday.

There are quite a number of dogs whose necks remain unadorned with the tags required by the by-law.

Some Napanee bicyclists passed through the town on Saturday giving an exhibition of their skill as knights of the wheel.

TREKTON has adopted the early closing movement, the shops in future closing at 7 p.m. Deseronto still ranks with backwoods villages in this matter.

The congregation of the Baptist Church, Belleville, will have an excursion on the steamer Quinte to the Lake on the Mountain, next Wednesday afternoon.

GARDEN PARTY.—The Ladies Aid Society of the Church of the Redeemer purpose holding a Garden Party on the grounds of E. W. Rathbun, Esq., on Saturday evening, 28th inst.

The yacht Norah was launched on Saturday morning and proceeded to Belleville the same day. It is probable she will compete at some of the approaching contests on the Bay.

OFF AGAIN.—Mr. Burgess and his corps of assistants set out early on Monday morning to erect station houses and freight sheds at Moscow and Tamworth on the N. T. & Q. Railway.

POSTAL.—The mail clerks on the Grand Trunk are either overworked or very inattentive to their duties. In no other way can we account for bundles of newspapers being so frequently miscarried. There are numerous complaints on this score.

MOJIAWK DELEGATION.—The following persons have been deputed to represent the Indians of the Mohawk Reserve at the approaching Semi-Centennial celebration in Toronto, viz.: Chief Annosothkah, Chief A. Culbertson, Chief C. Maricle, Chief Wm. Green and W. J. W. Hill and Seth W. Hill.

CANOE CLUB.—The commodore of the fleet threw his broad pennon to the breeze one evening last week just off the dangerous reefs of Unger's island, as a signal for the members of the Canoe Club to hold a meeting. The business was expeditiously transacted and six new members were received into this popular organization.

MR. WELD, of the *Farmer's Advocate*, London, Ont., gave us the pleasure of a call last week. He has been paying a visit to the Bay district in the interest of his journal. He expressed himself delighted with the progressive management of Bay View Farm and was surprised to find such a lively community as Deseronto in this old section of Canada.

BOARD WALKS.—The council are making a very fair job of the board walks on Main street, both on the north and south side. It is a pleasure now for pedestrians to take a promenade in the evenings with the knowledge that they can put down their feet without running a very great risk. If the crossings at Bay's corner were only in good condition, the outlook for the future would not be so very dismal after all.

RICH TREAT.—The Rev. H. G. Parker, professor of elocution of Queen's college, Kingston, and graduate of the Philadelphia school of oratory, has consented, we are happy to learn, to give in Deseronto some evening in the first week in July a selection of his inimitable readings under the auspices of Christ Church, Tyendinaga. As Mr. Parker has the reputation of being one of the best readers and elocutionists, if not the best in Canada, we predict for him a full house and for his audience a rare treat.

MR. WM. PATTERSON before leaving for the west sold his house on Powley Hill for one thousand dollars.

LARGE numbers will no doubt avail themselves of the opportunity to take a trip to Belleville by the Quinte on Saturday night.

At the last meeting of the Toronto Conference of the Methodist Church Rev. J. C. Ash was reappointed to the Shannonville circuit.

ARDENT sportsmen are now daily overheard telling tall stories about monster bass, pike and sun fish which slipped off the hook, just as they were pulling them into the boat.

FUEL COMPRESSION.—Some interesting tests were made with the fuel compressor last week. This powerful machine will probably effect a revolution in fuel supply in the near future.

The bathing season is now fully on and naked urchins with blistered backs can now be seen at all available points of the bay and at nearly any hour of the day disporting in the placid waters of the bay.

RETURNED.—Mr. James Burgess and his crew of joiners have returned home having completed the seven stations on the Ontario and Quebec Railway for which the Rathbun Company had received the contract.

We are glad to see by the *Whig* that there is no lawlessness whatever in Kingston. The reports of riots between soldiers and citizens, and stoning of an officer were only the mythical figments of a reporter's disordered brain.

BOAT UPSET.—As a yacht was proceeding down the bay on Monday evening the lookout discovered a boat floating bottom up on which was a man and dog; when taken aboard the man was discovered to be a prominent baker of Deseronto.

GEDDIS has a semi-centennial at his ice cream parlor every day during the hot season. His celebrations are of a cosmopolitan character, grins and toasts, annexationists and independents, all in fact can celebrate there over ice cream and strawberries.

FIRE.—On Tuesday morning a fire broke out in the firehole at the machine shops. For a little time it looked threatening but the new automatic apparatus lately introduced most successfully extinguished the flames without any extraneous assistance.

MR. JAMES BOWEN, postmaster of Deseronto, as one of the oldest descendants of the Loyalists in the district, was present at the Adolphustown celebration and was assigned a position of honor on the occasion of laying the foundation of the monument on Monday.

THE Mutual Marriage Aid association is at last in trouble. Some of the young men of Deseronto are interested in the affair, and it is feared that they will not now be considered a first-class investment by the young ladies of the village, who have generally a pretty keen eye for business.

GOSSIP.—A clergyman was very severe in his strictures last Sunday on that portion of the female sex who are wont to indulge in gossip to the detriment of their neighbor's character. It seems that there are actually some such in this village. They are recommended to hold their tongues in future, the easiest thing in the world for the average women to do.

SELDOM has the country presented a more beautiful appearance than it wears at present. The crops are looking well though more rain would now be desirable. The woods are magnificent with their rich foliage, and amateur naturalists can now satiate their desires for specimens by gathering hundreds of beautiful wild flowers as they ramble along rustic lanes or through the clumps of bush in this vicinity of the village.

ART LOAN EXHIBITION.—The ladies of Belleville have with commendable zeal got up an Art Loan Exhibition in aid of the Hospital and Home fund. They have a fine display of valuable pictures, works of art and rare curiosities. Besides these there will be music and song to add to the general enjoyment. This should attract visitors from all parts of the county. The exhibition commences to-day and lasts until Saturday, every afternoon and evening.

LOSS OF THE NELLIE P. DOWNEY.—During a dense fog last Thursday night the schooner Nellie P. Downey, of Napanee, collided with the barge Oswego, in tow of the tug Glide, in the outer harbor of Oswego. The schooner which had on board 6,700 bushels of rye went down in four minutes after the collision, Capt. Bartley and crew escaping on the barge. The Downey was owned by Gaylord, Downey & Co., of Oswego, was built eleven years ago and was valued at about \$6,000.

FOUND.—A gentleman has found a Bible containing a lock of hair which the owner can recover by calling at THE TRIBUNE office.

A falling sash in the post office effectually captured a visitor yesterday, holding him by the coat tail until he was released by a passing friar. He was not an aristocratic burglar.

THE Quinte took an immense crowd to Adolphustown on Tuesday evening to see the procession at that place. The sail down the bay was greatly enjoyed after the scorching heat of the day.

DR. GRONITZKEA attended the Rochester Semi-Centennial in full Indian costume and responded to the toast "The Ladies" at the great public banquet given by the city authorities.

MR. M. LALLY, License Inspector, and Mr. Phillips, chairman of the Provincial Board of Commissioners, gave us a friendly call on Thursday last. They were attending a meeting of the Board convened here to transact some important business.

THE Synod of the diocese of Ontario will meet at Ottawa next Tuesday. In addition to Rev. T. Staunton, the rector, the following gentlemen will be present as lay delegates from St. Mark's church, viz.—W. G. Egar, Wm. Irving, and T. Pigen.

THREE medical gentlemen who were present at the examination at Pictou have addressed a letter to the sheriff denying reports of alleged bungling by the hangman. They state that they never saw better arrangements, and that insensibility took place instantly.

We have received from Mr. John T. Moore, managing director of the Saskatchewan Homestead Company, a copy of his Settlers Pocket Guide to Homesteads in the Canadian North West. It contains a mass of useful information which must be of great service to intending settlers in that portion of the Dominion.

NEW WINDMILL.—Mr. James Cameron, of the Central Depot, has, with his usual enterprise, erected a large windmill and water tank on his premises, both being placed on a very high tower. This will give him a good supply of water and be a protection against fire. It is quite an ornament to that part of the town.

COW BY-LAW.—The Chief is obeying his instructions by impounding all animals running at large. Public opinion is with the council who are determined to insist on a compliance with this wholesome regulation. It is no use for parties to find fault with the Chief who has strict commands to enforce the law without fear or favor.

METHODIST CHURCH.—The Bay of Quinte Conference of the Methodist Church will meet in Napanee to-day. The different circuits in this part of the country will be supplied on Sunday by members of the Conference. We learn that Revs. W. J. Maybee and J. C. Ash will probably conduct the services in the Brick church on that day.

COMPLAINT.—We are requested to draw attention to the unseemly conduct of some of the boys and young men who attend the excursions. They appear to have no sense of propriety whatever, their noisy babbling and indecent profanity being offensive to the great mass of excursionists. If the captains or others in authority would make an example of one or two of them a remedy would speedily be effected.

We had the pleasure of a visit last week from W. P. Hudson, M. P. P. for East Hastings. He had been looking through the different establishments and was much pleased with all that he witnessed in this busy corner of his constituency. Learning of the coming demonstration on Dominion Day he very generously contributed a handsome sum for procuring a prize for some of the athletic sports on that occasion.

THE EXCURSION.—The excursion under the auspices of St. Mark's Church Society, like all the events connected with St. Mark's church, proved very pleasant. There was a large party who managed to enjoy themselves to their hearts' content. The Lake on the Mountain was visited and its beauties admired. A handsome amount was realized for the Building Fund.

DISTINGUISHED VISITORS.—His Honor the Lieutenant Governor and his aide-de-camp, Capt. Geddes, passed down on the Utica on Tuesday morning on their way to Adolphustown. His Honor is a well preserved old gentleman of easy and affable manners, just the man for his position. He was accompanied by Judge Wilkinson and other prominent citizens of Napanee. The party were joined here by Chief Annosothkah, and Mr. Jesse P. Martin, the former being one of the orators in that day's proceedings.

GOSPEL TENT.—The evangelists continue their services in the gospel tent which is pitched in the vacant lot east of Coleman's studio. The audiences are large and the general public are cordially invited and welcomed.

THAT ill weeds grow apace is only too evident on many of the streets. Saturday is the longest day in the year; why not let every citizen turn out that afternoon or evening and cut down those in front of his residence just to see what an improvement it would effect in the appearance of the village.

DESERONTO TEMPERANCE SOCIETY.—There was a business meeting of the Deseronto Temperance Society on Friday evening which was well attended. The society still continues in a very healthy condition and will continue to carry on its good work which has already been productive of so much good in this community. The following officers were elected for the ensuing quarter:—Wm. Stoddart, President re-elected; Albert E. Parnham, Sec'y; Miss Parks, Treasurer; Rev. R. J. Craig, J. Bradburn, B. Bogart, W. B. Graham, Executive Committee.

DOMINION DAY.—Everything indicates that the people of Deseronto will have a first class demonstration on Dominion Day. The committee have issued their programme which shows a list of amusements on a scale greater than were attempted before. The athletic sports are numerous and attractive and will bring out a host of competitors. The committee have paid more attention this year to getting up a series of aquatic sports which will take place in the afternoon. Valuable cups and prizes will be given to the winners in these events. The sub-committees have been struck and are working like beavers to have everything in readiness. The material for the fireworks has arrived and we are safe in predicting such a display in this line as residents of the bay district have never before witnessed. The grand pageant and accompanying procession at noon will be a grand triumph of decorative art. Steamers and trains will carry passengers from all points at low rates and no admission fees will be charged to grounds as is customary elsewhere.

The Landsown Seythe is the best made, you can get one at the Big Store.

Mr. Amos Baker has temporarily transferred his services to the Napanee branch office of the Rathbun Company.

AYER'S
Hair Vigor

restores, with the gloss and freshness of youth, faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened, and baldness often, though not always, cured.

It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heals nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

Mr. C. P. BRECHER writes from Kirby, O., July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly bald. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely bald."

J. W. BOWEN, proprietor of the *McArthur (Ohio) Enquirer*, says: "AYER'S HAIR VIGOR is a most excellent preparation for the hair. I speak of it from my own experience. It promotes the growth of new hair, and makes it glossy and soft. The Vigor is also a sure cure for dandruff. Not within my knowledge has the preparation ever failed to give entire satisfaction."

MR. ANTON FAIRBAIN, leader of the celebrated "Fairbairn Family" of Scotland Vocalists, writes from Boston, Mass., Feb. 6, 1884: "Ever since my hair began to give signs of thinning, I have used AYER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a matter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 13 Elm St., Charleston, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vigor, but now use it occasionally as a dressing."

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value.

NO. 40

"Mary, I want a messenger to send do town," said a lady to her maid; "the said lady has sent me the wrong bundle and I want to inform the forelady of her carelessness. Is there any one disengaged?" "I think not, ma'am; the chamber lady is busy with her rooms and the kitchen lady with visitors, her mother, the wichen lady, her cousin, the ash gentleman, having called. But perhaps the foot gentleman, or the coach gentleman is disengaged. I will see."

Paul's horses were admonished and chastised if they forgot the respect due to their master. Once he convened an extemporaneous court of justice on the street to try a horse which had just stumbled with him; the culprit—the ridden one—was sentenced to receive fifty lashes, and after the castigation was rebuked by the riding one: "That's

Instead of ringing a bell like our conductors, they use a kind of horn, which is attached to the dashboard, and blown by a rubber ball which the driver presses. The sound which is not unlike that of a cow or goat is heard distinctly in the block. It is not to be out of order, and then it is very unusual. The cars are a great convenience and are very liberally patronized. One sees in them the economy of the French people as a class, very finely dressed ladies, and young girls, and even to five cents. Economical is observable everywhere in France, and there is much truth in the aphorism that "the people" could live on what the Americans waste."

TOWN AND COUNTRY.

ROSES are blooming.

The days are getting shorter.

All the daily papers at the TRIBUNE office

The man who has the floor—the father of twins at midnight.

JOHN WHITE, Esq., M. P. was in town on Saturday attending to some important business.

A MACHINE that will darn stockings has been invented. This will give more time to devote to crazy quills and other useful household duties.

THE rush at Gedd's ice cream parlor has been somewhat phenomenal during the past few weeks. Gedd's can furnish you also with delicious strawberries.

THE printers of Napanee have in contemplation a union picnic at an early date at some convenient point on the bay. It will no doubt prove the affair of the season.

THERE are some weeds and thistles left on Centre street, many of the residents of that thoroughfare not having joined in the general improvement movement last Saturday.

PICTON people are much annoyed at the Captain of the Reindeer who neglected to call at that port during the recent demonstration after having previously signified his intention to do so.

GREAT RECORD.—The folk in the Big Mill have carried out their intentions of beating all previous records, the number of logs cut last Tuesday being 2,161. It is now thought that 2,500 can be reached at some early date.

THE Indians on the Reserve will turn out at some day in the near future to adorn and improve the grave yard and grounds around Christ church. The chiefs are leading in the good work, which will result in that pretty spot being made doubly attractive to its many visitors.

THE unhappy individual who was so cleverly entrapped in the post office last week has again been made an unwilling victim and carried off to Picton by the mail steamer Deseronto. Protestations were of no avail, that stern officer Capt. Skillen who thinks only of close connections and therefore counts every moment precious would not return to the dock.

A PEST.—A great number of fields in this part of the country are now yellow, not with golden corn but with mustard, which in some localities appears to be the dominant crop. This pest is every year making greater inroads and unless the farmers wake up and make common cause against this nuisance it will soon be completely beyond their control, and will require to be made the subject of legislative enactment.

HANDSOME RESIDENCE.—The new residence now being erected on the Napanee road by W. R. Aylworth, Esq., is now well advanced, the brick work being all completed. It is pleasantly situated on the north side of the road and will give a fine view of the bay and surrounding country. A drive house has been built and work has been commenced on a large barn so that when all is finished the Reeve will have one of the most desirable properties in this part of the country.

GARDEN PARTY.—The Ladies Missionary Society of the Church of the Redeemer will hold a garden festival on the grounds of E. W. Rathbun, Esq., to-morrow afternoon, (Friday), commencing at three o'clock. The ladies are making extensive arrangements and will have the grounds nicely illuminated and decorated for the occasion. Ice cream, strawberries, and all the delicacies of the season will be bountifully dispensed and nothing will be left undone to make visitors supremely happy. The Deseronto Brass band will be present to furnish music on the occasion and everything indicates a good time. Admission to grounds 10 cents, children 5 cents. The public are cordially invited.

Buy your books, and daily papers at THE TRIBUNE office.

THE Band continues to practice with exemplary diligence and are making wonderful progress as a consequence.

A DISTINGUISHED observer's letter will be read by the club.

A full attendance of the members of St. Mark's Church Choir is requested at the practice this (Thursday) evening at 8 o'clock.

A BEER near Lonsdale ended in a drunken affray in which a young man was stabbed several times by a drunken companion.

A THOMAS street man compels his daughter to eat onions every night for supper, and at 10 p. m. that household is sleeping peacefully.

THE Gananoque Field Battery Band, one of the best in Canada, assisted by the Deseronto Brass Band will furnish the music on Dominion Day.

LOST.—Mr. Campbell, of the Deseronto Flour Mills, dropped a valuable watch into the bay last week. All the boys of the village have been diving for it since but so far without success.

POSTPONED.—On account of the Lawn Festival which is announced for Friday afternoon and evening, there will be no meeting of the Deseronto Temperance Society this week as previously announced.

SUMMONED.—Notwithstanding our disinterested warnings several citizens have been summoned to appear before the magistrate to show cause why their dogs have not been provided with tags. Others will do well to take warning.

A SHINGLE, painted black on one side and white on the other and suspended by a single cord from the end of a pole stuck obliquely into the ground makes the best "scarecrow" a person can find. The shingle keeps constantly twisting back and forth.

FAREWELL SERMON.—Rev. J. C. Ash will preach his farewell sermon in the Brick Church on Sunday evening next. There will be a very large congregation to hear the parting words of this popular pastor who has labored so acceptably among the people of Deseronto.

WE are waiting patiently for an interesting item to be furnished by the broken crossing at Eggar's corner. We expect to hear of some esteemed citizen getting a broken limb and an interesting action for damages against the corporation unless repairs are speedily executed.

HOLIDAY.—Saturday the 28th day of June, having been fixed by his Excellency the Governor General for the official celebration, in this present year, of her Majesty's birthday, his Honor the Lieutenant-Governor has been pleased to direct that all public offices be closed on that day.

A SUCCESSFUL PUPIL.—Miss Nellie O'Connor, who has been attending the Ville Marie Convent, in Montreal, has returned home for vacation. We congratulate her on her success at that institution where she carried off a number of prizes for excellence in different branches, including music and drawing.

MASSONIC EXCURSION.—There is this year an unlimited choice of attractions for Dominion Day. Amongst others is the excursion and picnic at Massawissa Point under the auspices of Craig Lodge. An energetic committee has the affair in hand and are working zealously to make everything pleasant for excursionists. The Quinte is chartered for the occasion and a good time is guaranteed.

FOOT RACE.—The coming Dominion day celebration, with its exciting games and athletic sports, is stirring up our local athletes who are practising most diligently for the approaching contests. An exciting race came off on St. George street on Saturday evening, between P. Mallory and Chas. Elliott, the distance being 100 yards, beat two out of three. Mallory came off victorious winning the first and third heats. The affair drew a large crowd of spectators.

STIRRING TIMES.—The town presented an unusually brisk and lively appearance on Saturday evening. The Quinte arrived from Belleville with a crowd of excursionists bent on getting their fill of the sights of this busy centre. She departed about 7:30 on her return, taking a number of Deseronto people whose departure was witnessed by a large crowd. The foot race attracted a large number of spectators to George street while a tumbler and contortionist drew an enthusiastic audience on Centre street. After the excessive heat of the day all the youth and beauty appeared to be out enjoying a promenade in the cool of the evening.

CAREFULLY peruse our advertising columns this week, before making purchases for Dominion Day.

OUR readers will be glad to hear from Mr. Mallory himself that he has arrived safely at his new home.

The house lately occupied by Mr. Wm. Patterson is being fitted up preparatory to its occupancy by Mr. Campbell of the Deseronto Flour Mills.

This is the age of woman's rights and it is not surprising therefore that a lady takes advantage of our columns to remove the imputation that gossip is confined exclusively to the gentle sex.

It is unnecessary to ask the citizens to make a display of bunting and otherwise decorate their premises for Dominion Day. There has been always a desirable rivalry in that respect.

STRAWBERRY FESTIVAL.—The Ladies of St. Mark's Church, Deseronto, purpose having a Strawberry Festival and Garden Party at the residence of John McCullough Esq., Dundas St., on Tuesday afternoon and evening, July 8th.

VANDALISM.—Some parties unknown have destroyed a number of young trees set out this season by Mr. W. H. Mellow. Every effort will be made to discover the offender who it is hoped will receive the utmost penalty which the law can inflict.

DISAPPOINTED.—The large congregation which met on Sunday in the Brick church were greatly disappointed, the expected supply from conference not having put in an appearance for some reason as yet unknown. There was a blunder somewhere.

SOMETHING NEW.—Mr. Richardson, manager of the Big Store, recently showed us some samples of corn beef got up in a new style by the famous house of Armour & Co., Chicago. It has an excellent appearance and must soon work its way into popular favor.

READINGS.—Rev. H. G. Parker, of Trenton, will give a series of interesting readings in Rathbun Hall on Tuesday evening July 8th. Deseronto people will thus have an opportunity of hearing this famous ecumenist whose entertainments invariably draw large and enthusiastic audiences.

BAY OF QUINTE CONFERENCE.—The final draft of stations has been confirmed: the following are of local interest. Rev. D. O. Crossley, from Campbellford to Deseronto; Rev. J. C. Ash, as all will be glad to learn, remains at Shannville, but will give up the full charge of Deseronto to Mr. Crossley. Rev. Jas. Curtis, President of Conference, has been appointed to the Tabernacle, Belleville.

RAILWAY CHANGES.—A new time table came into effect on the Grand Trunk on Sunday. By its first arrangement the night trains calling at Deseronto Junction were cancelled and we were deprived of the mails usually carried by them. The matter being brought to the attention of Mr. Hickson, he immediately gave orders for these trains to stop at the Junction as formerly, and we again enjoy all our former privileges.

R. C. PICNIC.—The Roman Catholic picnic to be held in Black's grove on Dominion day will undoubtedly attract a great multitude of visitors who will have every opportunity afforded them in the way of amusement. There will be athletic sports with suitable prizes; dinner with all the delicacies that can tempt a fastidious appetite will be served on the grounds, and as the trains run at all hours to the grove which is near Deseronto, visitors can do the picnic and take in the general celebration without inconvenience.

CABBAGE WORM.—A gentleman in West Virginia asserts that the following remedy will prove effectual for the cabbage worm. Take green smart weed, or pepper weed, so well known to farmers; dry it thoroughly, so that it can be reduced to powder. Sprinkle over the young plants, or when the worm begins to appear; it will also prevent injury from the little black fleas that sometimes infest the plant. Possibly, if the smart weed was boiled in water, and then sprinkled on the plants, it would serve the same purpose.

DOMINION DAY.—Every one is on the tip toe of expectation about Dominion day. From all sides comes intelligence which leads us to anticipate a great rush of visitors to Deseronto to witness the various attractions of the celebration here on that day. The games and sports promise to be very interesting and in the hands of good committees will be well carried out. The fireworks display, too, will be usually magnificent, and superior to any hitherto shown in Central Ontario. It is thus seen that if the weather proves favorable there must be a pleasant time ahead for all.

ROBBERY.—On Tuesday some tramps were seen lurking near Mr. Mellow's blacksmith shop. On Wednesday morning it was discovered that the door of Mr. A. Carter's wagon shop, which is above Mellow's, had been broken open and several tools, including saws, chisels, screwdrivers, braces carried off. They had also burst into Mr. Mellow's shop and a sledge, cold chisel, pinchers, etc., were missing. It is evident that these are equipped themselves for a regular campaign, and they will be well for the public to exercise the greatest vigilance and be prepared to give the rascals a hot reception.

THE PLAINS.—What a desirable place the plains to the west of Deseronto would be for a grand military camp. There is probably no place in Canada better adapted for such a purpose. All the volunteers of Ontario could be manoeuvred there to the best advantage. Why may not the member for East Hastings agitate the formation of a great provincial camp next year? The place is central and it is time our militia authorities were instituting the custom of instituting a system of great autumn manoeuvres in order to give our citizen soldiers some idea of a real campaign. At present the plains present little that would suggest the pomp and circumstances of war, being covered with herds of cattle and sheep after the manner of some great western cattle ranches.

BIRTHS.

TERRY.—At Deseronto, on the 25th inst., the wife of Mr. Wesley Terry, of a son.

WESE.—At Adolphustown, on the 17th inst., the wife of Mr. Matthew Wese, of a daughter.

The hot weather has not interfered in the least with Coleman's studio where visitors can find every day taking advantage of the cheap rates to get their photographs nicely taken. Visitors to Deseronto on Dominion day will no doubt take advantage of the opportunity to get their pictures quickly and neatly taken. Remember the place, Smith's brick block, Main street.

It Saved My Wife's Life.

This is the report of a Princess street gentleman who had the opportunity of testing Ayer's Cathartic Pills. He writes: "I was suffering from Nervine, the great pain cure. Prepared for any emergency by having a bottle of Nervine at hand. It only costs 10 cents to test it, as you can buy test bottles at Eggar's, get a 10 or 25 cent bottle to day. Sure in rheumatism, cramps, cold headache, Nervine, the sure pain cure. At all druggists, 25 cents a bottle."

AYER'S PILLS.

A large proportion of the diseases which cause human suffering result from derangement of the stomach, bowels, and liver. AYER'S CATHARTIC PILLS act directly upon these organs, and are especially designed to cure the diseases caused by their derangement, including Constipation, Indigestion, Dyspepsia, Headache, Dysentery, and a host of other ailments, for all of which they are a safe, sure, prompt, and pleasant remedy. The extensive use of these PILLS by eminent physicians in regular practice, shows unmistakably the estimation in which they are held by the medical profession.

These PILLS are compounded of vegetable substances only, and are absolutely free from calomel or any other injurious ingredient.

A Sufferer from Headache writes: "AYER'S PILLS are invaluable to me, and are my constant companion. I have been a severe sufferer from Headache, and your PILLS are the only thing I could look to for relief. One dose will quickly move my bowels and free my head from pain. They are the most effective and the easiest pills I have ever found. It is a pleasure to me to speak in their praise, and I always have them on hand when occasion offers."

W. L. PAIR, of W. L. Page & Bro., Franklin St., Richmond, Va., June 2, 1882.

"I have used AYER'S PILLS in numerous instances as recommended by you, and have never known them to fail to accomplish the desired result. We constantly keep them on hand at our home, and prize them as a pleasant, safe, and reliable family medicine. FOR DYSPEPSIA they are invaluable."

J. T. HAYES.

Mexia, Texas, June 17, 1882.
THE REV. FRANCIS R. HARTLEY, writing from Atlanta, Ga., says: "For some years I have been subject to constipation, from which, in spite of the use of medicine of various kinds, I suffered increasing inconvenience until some months ago I began taking AYER'S PILLS. They have entirely corrected my constipation, and have vastly improved my general health."

AYER'S CATHARTIC PILLS correct irregularities of the bowels, stimulate the appetite and digestion, and by their prompt and thorough action give tone and vigor to the whole physical system.
